Dr Takahashi a well-known doctor who had spent his life researching on the effects of collagen, in Nihon University and Queen Bless Selections developed “The Power Balance” for animals. Researches have shown that with the use of “The Power Balance” there was an improvement of at least 33% in Coat, Skin, muscle tone and improved joint conditions. The animals become more stress-free and this product also has anti-aging properties. Its best used for pregnant bitches, senior dogs, puppies and Show dogs.

The product’s main effect is the ability to maintain and attract moisture to the cells thereby promoting cells renewal.

Main ingredients includes Collagen, Ginseng, Tochu Leaf, Oyster Shell, Salmon DNA extract, Shark Fin and many other vitamins!

Description of Before and After photos in “Robin” a Papillion after 1 month of use –

Robin is a 12 months old sable and white papillion at time of use. His weight was 2.9kg. He has poor appetite and always had diarrhea. Many treatments were given to him treating him for intestinal disorders but to no avail. There was no muscle tone on Robin at all. The joints were weak and the front legs were standing at “east west”. The dog had very poor movement.

1 gram of “The Power Balance” was given to “Robin” everyday for 1 month. In 2 weeks later... frequency of the diarrhea decreased. In addition, the muscles started to grow. The movement of the dog became smooth. 3 weeks later... the muscle tone was defined. The skin and coat condition became good.

4 weeks later... the condition of coat & the skin were immaculate, weight rose from 2.9kg to 3.45kg. The front and hind quarters became extremely straight. In addition, the movement became very smooth.

Collagen is needed in protein synthesis in the animal's body. Protein is needed to promote muscular development, skin and coat conditions, functionality of internal organs, blood vessels and joint tendons. Collagen thus acts like a intercellular support. In order to effectively carry oxygen and nutrition in the cell, the function of the collagen is most important. "The POWER Balance" activates the renewal of this much needed systemic collagen with its patented formula. As the body's natural collagen decreases sharply with age, The Power Balance is the elixir of life. POWER Balance promotes the healthy internal organs, the strong

muscular quality and tone, beautiful and lustrous skin and coat, and strong flexible joint tendons.

\* Raw material: Collagen(fish origin), Tochu Leaf, Ginseng, Shark Fin Extract (Chondroitin) , Salmon Albino Extract(DNA), Raffinose, Glucosamine, Shyanpimion Extract, Oyster Shell Powder, Milk Peptide, Arginine, Vitamin(A1,B1,B6,B12,C,E) niacin, Pantotenic Acid, Folic Acid

Direction for use: Mix directly into the meal, give directly.

1 vacuum packed stick are 1gramme each. Toy breeds dog/cat: 0.5g/day, medium-sized breeds dog/cat: 1g/day Large-sized breeds dog/cats: 2g/day, Giant-sized breeds dog: 3g/1 day

\* preservation method\* : Please store in the cold dark place. Keep out of reach of children

Energy: 3.25 kcal/1g

Extensive research has been done to ensure the safety of its use but by any chance where abnormality occurs, please discontinue use at once.

日本的著名醫生 Takahashi 博士用一生來研究膠質的作用,並與其他七位教授和 Queen Bless 一起在 Nihon 大學,研究開發給動物的〈力量神奇粉〉.研究顯示使用〈力量神奇粉〉 會改善至少 33%在毛髮.皮膚.肌肉和關節生長的情況.

動物會變得更無壓力,並且此產品也有抗老化的作用.用於懷孕的母狗.年長狗.幼犬.和比賽犬效果顯著.

此產品的主要效果是,能吸收水分進入細胞而保護細胞促進細胞的更新

主要成份包括純膠原、人參、Tochu葉子、蚝殼, 三文魚脫氧核糖核酸萃取物、鯊魚翅和許多其他維生素!

照片是使用〈力量神奇粉〉一個月之後的效果."Robin"是一隻 12 個月大的紅白色蝴蝶犬.他的體重是 2.9kg.食慾不佳和經常性腹瀉.做過許多治療卻都沒有效果.Robin 的身上都沒有肌肉.關節也很虛弱.而且站立時兩隻前腳是呈現外八.步容非常的差

一個月每天給"Robin"1 克的〈力量神奇粉〉

在兩個星期的使用後腹瀉的次數明顯的減少了.另外肌肉也開始茁壯.狗的步容也變得比較好.

在使三個星期後肌肉的發育更顯著.皮膚和毛髮也變得更好.

四個星期後毛髮和皮膚狀況變完美."Robin"的體重從2.9kg上升到3.45kg.前肢跟後肢變得平直.步容也變得更協調.

膠原能使動物的身體更能吸收他所需的蛋白質.而蛋白質能促進肌肉的發展改善皮膚跟毛髮的狀態.促進內臟功能和血管的通暢還有關節的靈活.所以膠原是蛋白質的重要支撐.為了有效的把氧氣和營養帶入細胞膠原的功能是最重要的.<力量神奇粉>能神奇般的讓動物身體裡的膠原更新.因為年齡的增長身體裡的自然膠原會漸漸的銳減.力量神奇粉是動物的萬靈營養品.力量神奇粉能促進健康的內臟.強壯的肌肉.美麗而有光澤的皮膚和毛髮還有強壯的骨骼.

\*原料:膠原,杜仲葉,人參,鯊魚翅萃取物(Chondroitin),三文魚萃取物(脫氧核糖核酸),棉子糖, 氨基葡萄糖,Shyanpimion萃取物,蠔殼粉末,牛奶肽,氨基胍基戊酸,維生素(A1, B1, B6, B12, C, E)niocin, Pantotenic酸,葉酸

使用說明:一日一克直接混合加入到食物裡(一包真空包裝是1克)

小型犬貓:一日0.5克,中型犬貓:一日1克,大型犬貓:一天2克,巨型犬:一天3克

保存方式:請放在陰暗處. 請勿讓兒童觸碰

熱量:1克/3.25kcal

經研究顯示此產品保證可安全使用,但如有反常請立即中斷使用
